## LOCATION

Located on a large 60- hectare (150 acre) site above lake Tagua Tagua and the Puelo River, Barraco lodge is the ideal platform for the exploration of northern Patagonia, with its multitude of hidden lakes, never ending granite walls, untouched rivers and some of the oldest forest on the planet .

## GETTING HERE

Most guests arrive on commercial flights to Puerto Montt. From here, the Lodge is a 130 kilometer (81 mile) route (approximately 2.5 hours) to Tagua Tagua Lake. All airport transfers are included within the package, and helicopter transfers are available at an additional charge.

We will welcome you with a snack as you settle into your cozy room.

SUP

fly fishing

heli adventures

cooking

camping/ hunting

horse riding

## TREKKING

---

Prepare your soul and body to be ready for walk! There are a few trekking options from Barraco. Our most popular is to Tagua Tagua National Park, and we also offer days trips to Cochamó, and smaller hikes that leave right from our property.

RELAX

---

On a warm day, enjoy our large patio with wood-fired hottubs. Prefer to be inside? The fire is always going in our cozy livingroom and is a perfect place to unwind.

## HELI SKIING

---

Offered during the months of September - December at Yates Volcano. After a short flight from the lodge, the skiers are dropped at 2000 mts, from where they can observe the island of Chiloé, the Reloncavi Fjord, Osorno, Puntagüedo and Tronador volcanoes. From here they will do two descents, totaling an average of a 1000 vertical meters each.

Recommended during November – March.  
We sail in our boats through Lake Tagua Tagua to  
Puerto Maldonado. From there we start rowing  
towards the magnificent waterfall passing through  
the bar where  
Rio Puelo fills the Lake.

We come to one of the greenest bodies of  
water in the area, in a landscape formed by the  
impressive mountains of Patagonia, and observe  
wildlife such as Chungungos, Caiquenes, and  
Ibis. Helicopter drop is also an option.

## FLYFISHING

---

Arriving at this crystal clear water river you will have the opportunity of fishing native and energetic rainbow trout and King Salmon meanwhile one of our guides will prepare some exquisite wild food on site that you can enjoy with some chilean wine and soft drinks.

## HELI - ADVENTURES

---

Take a ride into the ancient rainforests of Patagonia and get to know some of the most beautiful granite mountains in the world. We dare you meet the monster face to face!- Many activities are offered with the helicopter. Trekking, fishing, skiing, kayaking and much more – just ask!

## GASTRONOMY

---

Get to know our local products and cook with our main chef in one of her amazing private lessons. Feel free to enter the kitchen whenever you want. Our recipes are your recipes!

# HELI BIKE

---

Enjoy the best routes in Patagonian forests,  
rivers and unexplored paths.  
For trail, enduro and MTB lovers.

## HORSE-RIDING

---

Recommended during November – March. This excursion begins cruising up across Lake Tagua Tagua to Isla Jabali, where we keep the horses. Heading out, we begin the ride on a trail that passes the wetlands of the Mallin River, flanked by an evergreen forest speckled with native trees such as arrayanes, coigues, and avellanos.
